Hot Food Vending Machine

FCV-FFM-ZV-FCV-FFZ-468(VAV8) Hot Food Vending Machine

TECHNICAL OVERVIEW | FCV-FFM-ZV-FCV-FFZ-468(VAV8)

The frozen-meal system combines a 468-litre cabinet with two microwave modules and scan-to-collect shopping. Its parameter graphic states 120 boxes, a 307-350 kg weight range and a 2140 × 1390 × 660 mm cabinet. The HTML height is 2145 mm, so both measurements remain source-specific. The source explicitly says there is no customer touchscreen; small microwave controls do not establish a machine-selection touchscreen. The heating figure is printed as 3000 W × 2, while the frozen range is written as−18-0°C with an additional‘up to−25°C’statement. The exact refrigeration setting and electrical version require confirmation rather than simplification into one guaranteed range.

Model summary

FCV catalogue reference	FCV-FFM-ZV-FCV-FFZ-468(VAV8)
Category	Hot Food Vending Machine
Screen	No customer touchscreen

Published source configurations

These source descriptions are kept separate. They do not establish that every value belongs to one supplied unit; the FCV quotation identifies the accepted configuration.

Configuration 1

Source model: FCV-FFM-ZV-FCV-FFZ-468(VAV8) / 1

Dimensions H × W × D	2140 × 1390 × 660 mm
Storage	120boxes/468 L
Weight range	307-350 kg
Supply	AC110-240 V,50/60 Hz
Recognition	Visual weighing technology
Heating	Double microwave
Heating power as printed	3000 W × 2
Temperature as printed	−18-0°C(up to−25°C)
Cooling	Frost-free air cooling
Shopping method	Scan code to pick up products
Payments	Scan code/card reader

Configuration 2

Source model: FCV-FFM-ZV-FCV-FFZ-468(VAV8) / 2

Dimensions H × W × D	2145 × 1390 × 660 mm
Supply	AC220-240 V,50 Hz
Customer touchscreen	No touchscreen
Shelves	Five adjustable shelves

Configuration and quotation

Specifications reflect the cited source configuration. Optional accessories and alternative configurations are not included as standard unless explicitly identified in the quotation. Confirm payment hardware, power requirements, installation access and service scope for the intended site. No price, stock quantity, delivery date or certification is implied by this overview.

Configuration details to confirm

Replace vague unknownscreen with explicit no-customer-touchscreen/scan-to-collect fact.

Retain review for2140/2145mm height,110-240/220-240Vsupply and ambiguous frozen temperature wording; microwave aggregate electrical demand is not independently inferred.

Published storage and dispensing details

The HTML schedule documents five adjustable shelves in a frozen cabinet paired with two microwave modules. The parameter image separately gives a 120-box reference capacity and468-litre volume.

Storage / equipment zone	Documented source layout
HTML equipment schedule - Shelves	Five adjustable shelves

- Match the source model and mechanism to the quoted cabinet.
- Check actual pack dimensions, loading access and product delivery.
- Record the accepted loading plan after a configuration-specific dispensing test.

Configuration details

Prepared 27 November 2026 for the FCV product catalogue. Confirm the supplied configuration and site requirements with the FCV team before ordering.

Configuration confirmation

Some equipment configuration details require further confirmation. The catalogue entry is not proof of current FCV stock or a completed site-specific technical acceptance. Unknown fields remain unverified.

Product information

This FCV technical overview describes the listed equipment configuration. The written quotation confirms the machine, accepted product packs, accessories and service scope supplied for your location.

Confirm before purchase

Ask FCV for the exact model and revision, supplied options, current technical sheet, site suitability, warranty, maintenance scope and written commercial terms. Product images, where present, are conceptual branded renders rather than installation evidence.
