Cedar	Lagoon	Sky blue

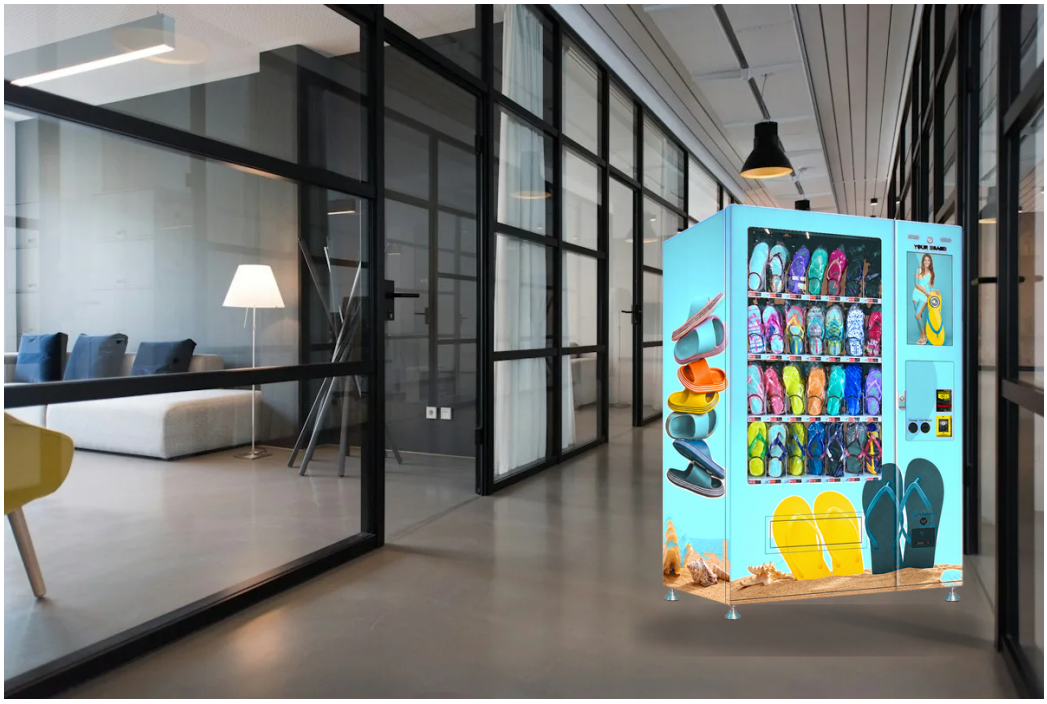

Configured for your products.

Cedar, Lagoon and Rosewood finish options are shown on the genuine bound view.

PLACE THE EXPERIENCE IN CONTEXT

A useful stop in the daily flow.

Illustrative placement concepts show how the format could sit in a planned environment. They are not photographs of completed FCV installations.

Indoor leisure-club corridor

AUDIENCE

Packaged flip-flops and casual footwear beside pool or spa circulation.

ACCESS

Agree sizes, price points and a practical restocking route.

SITE CHECK

Check power, floor loading and service clearance.

Airport convenience zone

An illustrative indoor placement near travel retail, not an installed project.

Gym / sports-centre lobby

An indoor concept beside member circulation; agree access hours and approvals.

PUBLISHED MODEL DATA / CONFIRM THE SUPPLIED CONFIGURATION

NO PUBLISHED FOOTWEAR LOAD

Cabinet + interface

Published H x W x D	**1940 x 1261 x 771 mm**
Published weight	**220 kg; confirm supplied unit**
Photographed display	**Selection screen; size unverified**
Standard interface reference	**MDB / DEX listed**

Loading + release

Photographed storage	**Four coil rows of shoe packs**
Published selections	**About 300-800pcs (according to size of goods)***
Storage reference	**Pack dependent; test actual packs**
Delivery / collection	**Coil lanes; lower compartment**

FOUR PHOTOGRAPHED FOOTWEAR ROWS

Photographed rows do not establish per-lane footwear counts.

ELECTRICAL + INTERFACE

AC100V / 240V*

HTML lists AC100V/240V, 50/60Hz. Confirm the supplied variant, protection and rating plate.

MDB / DEX interface

COOLING + PACK FIT

No cooling stated

No cooling system is published; plan shelf-stable packaged footwear only.

Refrigerant: not applicable to the published schedule.

Published watts are not daily energy use.

Only a supply voltage is published — no power rating or measured kWh/day. Estimate operating cost from the supplied unit rating plate.

The page table mixes generic book/can/bottle wording on a footwear page — treated as template contamination, not footwear facts. Confirm the real slot layout and selections.

PUBLISHED CAPABILITY / SELECTED FITMENT

Digital at the front. Clear behind it.

Specify the customer experience and the fitted hardware separately. A published option is not a promise that every device is installed.

Customer experience

The footwear page describes flexible slots for packaged flip-flops, flats and ballet shoes with a photographed selection/payment column. Agree

A configurable system

An MDB/DEX interface is listed for the controller. Confirm the fitted interface, devices and the dispensing setup that suits the approved packs.

Payment methods + fitment

METHOD	PUBLISHED CAPABILITY	SELECTED SETUP
Cards	Interface listed only	Confirm terminal and provider
NFC / contactless	Not documented	Confirm enabled methods
QR / scan	Not documented	Agree provider and activation
Cash / banknotes **Coins** **Coin changer / change**	MDB/DEX is an interface row, not proof of fitted devices. Photographed payment positions still need written confirmation.	Confirm fitted currency, change capability and cash collection arrangements.

Confirm reader, currency, enabled methods, SIM/network, merchant onboarding, fees and refund process. MDB/DEX does not by itself confirm every device or provider. Agree software, reporting and inventory scope separately.

PHOTOGRAPHED CONFIGURATION / AGREED LOADING PLAN

Four footwear rows. Your tested mix.

Four photographed coil rows hold packaged footwear; the decorated lower panel and PUSH flap sit beneath. No published footwear capacity exists — test the actual pack sizes.

FULL CABINET

FOOTWEAR ROWS / TOP TO BOTTOM

1. Illustrated packaged footwear
2. Illustrated packaged footwear
3. Illustrated packaged footwear
4. Illustrated packaged footwear
5. Decorated front panel (not stock)
6. Collection opening (PUSH flap)
7. Base / adjustable feet

Numbered callouts order the photographed rows; lower marks describe the panel area, not stock. Packs shown do not prove vend fit.

Confirm the loading plan

PACK SIZE

Measure shoe-box or bag dimensions and rigidity. Coil lanes need agreed pitch and depth.

SLOT PLAN

Flexible slots depend on approved footwear packaging; a generic table load is not evidence.

LOADING PLAN

Record tested counts per row for the actual footwear mix; no published footwear capacity exists.

VEND TEST

Trial coil delivery to the collection compartment with the approved packs before sign-off.

Confirm coil pitch for actual pack depth, dispensing and collection access. Agree loading and refill routines.

THREE WAYS TO OPERATE / PRICING TAILORED TO YOUR SITE

Choose your operating plan.

Select the responsibility split for your machine, products and service. Prices and the final terms are confirmed for your chosen setup.

01 / SELF-OPERATE

Own + operate

Pay 100% of the machine price upfront. Own the equipment and manage products and daily operation.

02 / FIXED MONTHLY FEE

Your products. FCV service.

You provide products. FCV handles agreed refilling, maintenance, technical and software support.

03 / FULLY MANAGED

FCV manages

Customer buys the machine. FCV owns products, sets retail prices, and manages restocking, technical/software support, maintenance and complaints.

RESPONSIBILITY	SELF-OPERATE	FIXED FEE	FCV MANAGED
Products	You	You	FCV
Retail prices	You	Agreed scope	FCV
Restocking	You	FCV in agreed scope	FCV
Care + software	Agree separately	FCV in agreed scope	FCV
Customer issues	You	Agreed scope	FCV

Fully managed: purchase and agreed share

MACHINE PURCHASE

100% Customer pays the agreed machine price in full. The customer owns the equipment.

GROSS-SALES SHARE: UP TO

25% The owner share of monthly gross sales is agreed by performance.

The contract term, machine ownership and operating responsibilities are confirmed before the managed agreement is finalised.

Monthly gross-sales share is agreed by sales performance, up to 25%. No minimum share or sales result is promised.

Pricing tailored to your setup.
